head, was nearly 1% above both last year and 2 years ago. The increased number of market hogs in the heavier weight groups reflects some holdover from the late fall pig crop due to the severe winter weather which limited weight gains.

The 14 quarterly states estimate was 66% of the U.S. total inventory. These states, with 47.0 million head, were nearly 1% above 1977 and 2% above 1976.

Pig crop (December 1977-May 1978): The December 1977-May 1978 U.S. pig crop was 42.6 million head, 1% below last year, but slightly above two years earlier.

Slightly more than 8.01 million sows were farrowed during this 6 months period, 1% below the number farrowing last year. Pigs served per litter at 7.04 were the lowest since 1969. A smaller litter size combined with conception problems reduced the expected pig crop for this period.

In the 14 quarterly states, the December-May pig crop was 36.3 million head, 2% below last year. The December-February pig crop at 15.6 million was slightly above last year, while the March-May total at 20.7 million head, declined 6% from 1977.

Farrowing intentions: U.S. Producers intend to farrow 6.25 million sows during the June-November period, an increase of 4% from the same period in 1977 and 7% above the corresponding periods in 1976.

Intentions in the 14 quarterly states for June-August are 2.69 million sows, an increase of 8% over this quarter in 1977 but virtually unchanged from the intentions published in the March 1 report. For the September-November quarter, these states intend to farrow

**Western Heritage**  
(CONT. FROM PAGE 1)

In addition to the twenty-two auction pieces, art enthusiasts will have an opportunity during the evening to purchase seven select pieces of art. These will include one watercolor and one bronze by C. M. Russell, an oil painting by Frederic Remington, two oils by Carl Seitz, a pen and ink by E. William Gollings and an oil painting by Frank Tenney Johnson.

Sponsors of the sale are former Texas Governor and Santa Gertrudis breeder John Connally, Texas businessman and Santa Gertrudis breeder Joe Marchman, Houston civic leader and Quaker Horse breeder Louis M. Pearce, Jr., oilman and Quarter Horse breeder Rex C. Gable, feather goods breeder John S. Juett, Jr., and the National Cowboy Hall of Fame.

The Annelma represent their industries' leading bloodlines and are designed by many of the premier ranching families in the Southwest and United States.

Many of the artists consigning pieces are expected to be in attendance and include such well-known names as Jim Reno, Lajos Markos, Melvin Warren, Robert Summers and Wilson Hurley. The same "Western Heritage Sale" was chosen because all three components — the cattle who provided the first major industry in the West, the artists who were the mainstay of Western life, and the Western art that preserved and chronicled the West from the past to the present — all represent a vital part of the true Western Heritage.

**Top Gaining Bulls At Cooke County Test Are Reported**  
T. J. Davidsoo, director, Cooke County College Beef Evaluation Center at Galveston, Texas, reports: The twenty-third testing period for this Center has 17 animals on test. The bulls were delivered to the Center on Feb. 1, 1978. After undergoing a 21-day warm-up period, the official testing period began Feb. 22, 1978. The 23-day report was completed on March 22, 1978. The 17 bulls showed an average daily gain of 4.80 lbs. per bull for this reporting period. The 58-day report was completed on April 19, 1978. The 17 bulls

showed an average daily gain of 4.80 lbs. per bull for this reporting period. The 84-day report was completed on May 17, 1978. The 17 bulls showed an average daily gain of 3.47 lbs. per bull for this reporting period. The 112-day report was completed on June 14, 1978. The 17 bulls showed an average daily gain of 6.28 lbs. per bull for this reporting period. Next Weight Day: July 11 and 18, 1978.

Top bulls gaining four pounds or better at the 112-day weighing included: Dr. Ralph Connell, Dallas, a Simmental bull with an ADG of 4.85; Jean Davis, Granbury, a Chianina with ADG 4.59; Harry Myers, Quinlan, a Chianina with ADG 4.55; Kenneth Hart, Groesvenor, an Angus with ADG 4.67; Doug Fain, a Santa Gertrudis, with ADG 4.33; W. J. Sparks & Son, Victoria, a Friesian, with ADG 4.16; W. J. Sparks & Son, a Charolais with ADG 4.18; Doug Fain, a Santa Gertrudis with ADG 4.16; Doug Fain, a Santa Gertrudis with 4.06 and W. J. Sparks & Son, a Charolais with ADG 4.06.

Bidding in all three categories is expected to be even heavier than last year and should break existing records. Last year's sale recorded an overall total of \$556,175. The sponsors of the sale will present the top three purchasers in each sale category (cattle, horses, and) at this year's auction with original Western Heritage Sale belt buckles, specially designed and cast by well-known sculptor Jim Reno.

## Youth Horse Congress Deadline Nears

Waco — July 1 is the penalty-free entry deadline for the National Youth Congress, scheduled in Waco, July 28-29. Members of 4-H Clubs and other youth who plan to participate should complete entry requirements before that date. This is the word of Congress officials who indicate that the seventh annual show should attract approximately 6,000 entries from throughout the nation. The Heart O' Texas Fairgrounds will host the Horse Congress also.

## National Junior Shorthorn Show Scheduled July 6-8

The National Junior Shorthorn Show has 250 entries by 162 junior exhibitors from 21 states, according to Alan K. Sears, junior activities director for the American Shorthorn Association. This year's national show will be held in Nashville, Tenn., on July 6-8. Sears said. Classes will begin at 9:00 a.m. on Saturday, July 8, at the Tennessee State Fairgrounds and will be judged by Herman R. Purdy of Alexandria, Pa.

This year's National Junior Shorthorn Show is sponsored through the combined efforts of the American Junior Shorthorn Association, the Tennessee Junior Shorthorn Association and the Tennessee Shorthorn Breeders' Association with assistance provided by the staff of the American Shorthorn Association, Sears concluded.

Entries include: Calf, Calf, Victor Lea, and Cliff McCandless, all of Duncanville, Texas.

## Positive Aspects Of Meat Eating Subject of Paper

East Lansing, Mich. — Reducing the risks of heart disease by replacing animal fats with vegetable fats in diets is unlikely, says Albert M. Pearson, Michigan State University food scientist.

Pearson offered positive aspects of meat eating in a paper, "Meat as a Nutrient in the Human Diet," presented June 20 during the American Meat Science Association Regional Meeting Conference at the University of Connecticut, Storrs.

"All available evidence suggests there is no clear-cut relationship between meat consumption and cardiovascular disease," says Pearson, the recipient of numerous national awards for meat research.

The increasing rate of coronary heart disease in the United States during the past 60 years has often been blamed on meat consumption. But consumption of animal fats declined by nine percent in that period, while vegetable fat consumption increased three-fold, says Pearson. This indicates, he does not prove, that vegetable fats contributed to the increased rate, according to Pearson.

## Ranchers in Drouth Area Offered Tax Break by IRS

Port Worth — Livestock owners who must sell animals from their herds because of drouth conditions qualify for a tax deferral under the 1976 Tax Reform Act, reminds John Armstrong, president of the Texas and Southwestern Cattle Raisers Association. In general, the returns from such involuntary conversions may be diverted by the taxpayer until the next tax year, he adds, according to the Standard Federal Tax Reports.

Armstrong cited Regulation 1.1093-1(f) (1) (d) 4021H which allows the deferral of tax payment on the income obtained from these sales until the next year when the taxpayer would normally sell.

Armstrong explained that if a rancher who normally acquires 50 head in his herd each year but during drouth sells 75 head in the taxable year, income derived from the additional 25 head may be deferred so that it is not taxed until the following year. The regulation states further that replacement livestock must be "similar or related in service or use" to that livestock which is involuntarily converted.

A similar regulation, Regulation 1.451-7(a) 2341A, is primarily for farmers who graze stock cattle. This deferral is for "livestock sold or exchanged solely on account of drought conditions in an area to be designated as eligible for assistance by the Federal Government, regardless of whether the designation is made by the President or by an agency or department of the Federal Government." Such taxpayers must have their principal business as farming and report taxable income on the cash method of accounting.

## Randy Harrell Sets Beefmaster Dispersal July 9, Three Rivers

Three Rivers, Texas — The complete Beefmaster dispersal of the Ever thine, The Editior.

P. S.: Uncle Dunk notes where Son, Malcolm Wallop, Wyoming, interceded a bill to symbolically remove import quotas, tariffs and subsidies on peanuts in retaliation again the move on beef imports. What most folks don't seem to realize is that while Jimmy Carter did raise a few peanuts, he was primarily and got to be a millionaire, by BUYING peanuts from farmers. This makes it easy to understand his lack of sympathy for farmers & cattlemen. He was a BUYER of farm stuph! Dunk says that demonstrators of various kinds that are tryin' to stop development of nuclear power plants remind him of the people who demonstrated again introduction of electricity in New York City over a hundred years ago. These protestors went to Central Park and each day electrocuted a dog to demonstrate that electric power was dangerous. One of these days the Nuh Kooks will enjoy the same kind of page in history. Dunk notes that Congressman Hanson Moore of Louisiana added an amendment to the Agricultural Appropriations Bill which would prohibit USDA, FDA and other Burrocrats from using federal funds to pay "experts" to appear to prove their hard braind programs are really what the country needs. It sure will upset the Bureau of Agriculture if it becomes law and they are so longer allowed to rig the game and stock the deck with Tax dollars again the rest of us — Thessall, Brothers!

## A LOT OF BULL?

You bet.

Just ask Shorthorn producer Bob Fuller of Steamboat Rock, Iowa. He reports bulls that are born uncrossed, that weigh at 515 pounds, and that gain 420 pounds per day on a 140-day test, and that weigh 1,159 pounds of one year.

Shorthorns have always had the ability to grade choice, so when you put it together here is a breed that does it all.

Through the efforts of ASA's advancement programs and study and research by individual breeders Shorthorn's improvement is increasing all the time.

No fills... no fancies. Just a breed that means higher profits for you.

And that's no bull!

## 1978 OKLAHOMA CITY SPRING JUNIOR LIVESTOCK SHOW GRAND CHAMPION STEER SIRED BY A CHIANINA BULL

The Grand Champion Steer at the 1978 Oklahoma City Spring Junior Livestock Show was sired by a Chianina Bull. The 1,166-pound Steer was exhibited by Keela Harrel, Leedey, Oklahoma. The Steer went on to be slaughtered and had a Dressing Percentage of 66.7, Loin Eye 13.3 square inches, Back Fat Thickness .2, with a Cutability of 51.87, USDA Quality Grade Choice-, and Yield Grade 2. If you would like to capitalize on premium steer prices on your feeder steers and replacement females, shouldn't you be using a Chianina Bull also?

**DRINKING TANK PROBLEMS SOLVED**  
As well as all reservoirs and spray tank. Lifetime Tank Coatings for steel plants, tanks, corrugated galvanized iron tanks, and rock and concrete tanks. Thousands of these tanks of assorted sizes have been restored to be better than a new tank, not coated. Over 3 million pounds now in service since 1968. Stop all leaks, any size hole or crack. Prevent rust forever. A new tank properly coated will not be replaced in a lifetime. Anyone can apply by brush. Not a paint, the only material known that prevents seepage in basement walls. Twice the hardness of concrete. Write or call for our catalog. All orders shipped same day received. This is our 28th year.
